

# Data Interpretation Process

Results will be compared to benchmarks.

- Human Health
  - Surface Water - *Recreational Screening levels*
  - Groundwater – *Maximum Contaminant Levels*
- Aquatic Life
  - Water - *Colorado Table Value Standards*
  - Sediments - *Consensus Quality Guidelines*
  - Additional lines of evidence
    - Biological

# Moving Forward

- Groundwater Sampling
- River Water Sampling-Silverton to NM border
  - Grab Samples
  - Long term high resolution sampling – *Installed Auto Samplers (MSI and USGS)*
- Sediment Sampling-Silverton to NM
  - River and Irrigation Ditches
- Biological
  - Benthic Invertebrates
